When we share music with our veterans in our neighborhoods, towns, and Veterans' facilities, we are helping to bring the Legion family closer together. That is what we are all about, through love and fellowship, serving our veterans and their families. Remember that in our schools we need to do whatever it takes to help instill patriotism and respect to our flag and our country.

I encourage all units to include music at your meetings, either with or without an accompaniment. Make use of cassette tapes or CD's. Ask your Junior members to bring their CD players and give them the responsibility of providing the music. It is especially important to always remember "The Star Spangled Banner", and to use "God Bless America", whenever you can, either for singing or just for listening. Enjoy music everyday of your life.

---

**CITATION POINTS** 5 points assigned

- 1 pt...Unit members sang the National Anthem during meetings
  - 1 pt...Unit members used God Bless America at meetings
  - 1 pt...Unit members shared music with shut-ins
  - 1 pt...Unit presented an educational program about "The Star Spangled Banner" at school
  - 1 pt...Unit donated to the music program at their local school
