

**FIELD SERVICE – VICKI COLSON**

Good News! A new Field Service Orientation Guide is out. I'm sure you will be happy with it. You can find it online: [www.alaforveterans.org](http://www.alaforveterans.org) Type: 'field service orientation guide' in the search site box at the top of the page. The cover is a beautiful blue. It is full of all the up to dated information that you need to do field service. My suggestion for field service is to document the field service work you do to be counted and have someone sign off that you did it. Keep this written log yourself. Turn in your hours for the yearend reports due in the spring. Encourage your units to turn in their reports on time. Contact me about Field Service Orientation and arrangements will be made. Help us all to be "Rolling Forward".
